'The Price of Revenge'

BY DENNIS VAUGHN

Dennis Vaughn is breaking into the turf of legal suspense/thrillers with his new book "The Price of Revenge." Set in Aspen and Los Angeles, it tells the story of David Fox, a great legal talent pushed against his will into a world of betrayal and intrigue. David Fox is a good lawyer in a firm

known for its integrity and honesty, owned by the grandfather of the woman he loves. He is on a fast track to partnership when it all comes to a shuddering halt, a moment's indiscretion and suddenly his

career is on the chopping block. A way out is offered if he is willing to falsify his investigation into the unethical practices of one of the firm's biggest clients. David's life begins to spin rapidly out of control as a

riptide of humiliating events and personal revelations threaten to destroy not only his career but also ravage the course of his life. This is a compelling story of a man who knows that the price of honor is living the truth, before it is all over he will know the price of revenge as well. — **Mark Billingsley**
